

SG100 Young Leaders Programme

15 - 18 December 2020

The Common Purpose - SG100 Young Leaders Programme is an annual experiential leadership development programme for pre-university students from across International Schools, Institute of Technical Education, Junior Colleges, Madrasahs and Polytechnics. Over the years, we have developed over 400 young leaders who are part of the global Common Purpose alumni network.

Now in its fifth year, we are delighted to be able to run the programme in an exciting format that engages a larger cohort of young people in Singapore. This includes an initial opportunity to learn about leadership and cultural intelligence by engaging in an online social learning portal followed by a real time virtual learning programme.

Powered by

Partners

On the real time programme, you will explore a real life Challenge and have the opportunity to interact with inspiring leaders in Singapore, from across business, industry, government and the social sector. You will use the collective knowledge gained from these experiences to come up with innovative ideas in response to the Challenge.

In 2020, the Challenge is ***"How can young people future proof Singapore?"***

Timeline

30 Oct: All applicants will get access to the online social learning platform. The portal will remain open until **4 Dec** and applicants will be admitted on a rolling basis. From this, a smaller cohort of applicants will be selected and informed by **8 Dec** to participate in the real time virtual learning programme.

15 - 18 Dec: Real time virtual learning. Half day sessions will run over the course of 4 days whereby selected applicants will get the opportunity to explore the Challenge real time and learn about leadership, innovation and driving change.

The programme is **FREE** for all participants.

How do I apply?

Please click on the link here to apply:
