ASEAN Young Leaders Programme

19 – 22 October 2021

Launched in 2018 during Singapore’s Chairmanship of the ASEAN, the ASEAN Young Leaders programme is a leadership development programme that brings together young leaders age 18–25 years from across the ASEAN region and all walks of life onto a common platform. The programme aims to equip them with the networks and cultural intelligence needed to work across different cultures. The programme is part of Legacy, a global campaign by Common Purpose, which invests in young people across the world so they can become a connected generation of leaders with a clear vision for what their legacy will be.

On the programme, you will explore a real life Challenge and have the opportunity to interact with inspiring leaders in ASEAN, from across business, industry, government and the social sector. You will use the collective knowledge gained from these experiences to come up with innovative ideas in response to the Challenge.

The 2021 Challenge is *How can ASEAN’s young leaders build a future ready and resilient ASEAN community?*

Due to the ongoing COVID-19 pandemic, the programme will be conducted fully online.

**Timeline**
